

## EDUCATION IMPROVEMENT GRANT

Llanidloes High School will have £47,139. The EIG replaces 11 other grants such as SEG/WEG/14-19 Learning Pathways etc..

In order to satisfy the aim of improving educational outcomes for all the initial idea of the breakdown of the funding includes:

Two LSAs approximately £15,000 each but paid pro-rata Sept 2015 to April 2016. After initial discussion with Dylan Jones it is likely these will have to be new posts. He is waiting to hear from the LA regarding LSA provision in this school.

These posts would assist with literacy and numeracy interventions and help out with under attainment and breaking the link.

A sum of £10,000 would be set aside for CPD of all staff. This will help to improve the quality of teaching and learning, improve inclusion, improve leadership and improve the provision and engagement for learners.

A sum of £6,000 would be set aside for improving leadership and training of middle managers within the school.

This leaves a sum of £ 1,739 as a contingency due to any possible overspend in the above 3 categories.
